CORE COLLECTION

SPECIAL COLLECTION

WELCOME

Natural stone. Timeless craft. Made by hand.

Speek & Cruz creates accessories, lighting, basins, baths and furniture in natural marble and onyx, crafted by skilled artisans in Mexico with more than 30 years of experience perfecting their craft.

The Core Collection brings together our standard pieces. Each one is available in a range of natural stones, which you can explore on every page by selecting a material. The Special Collection presents rare onyx pieces and works created for individual projects, a glimpse of what is possible in stone.

Crafted By Hand. Shaped By Nature.

Speek & Cruz brings together natural stone, skilled craftsmanship and contemporary design.

Working closely with experienced artisans in Mexico, each piece is shaped and finished by hand, allowing the natural character of marble, onyx and travertine to remain visible in every detail. No two blocks of stone are ever exactly alike, making each creation naturally unique.

Alongside our collection, we create bespoke pieces for individual interiors and projects. Materials, dimensions and details can be tailored to each request — combining the beauty of natural stone with craftsmanship made to last.

Our stones

Every piece is carved from natural stone sourced in Mexico. These are the marbles, stones and onyxes offered across the Core Collection; each product page shows the stones available for that piece.

Made to Order

Dimensions, material selection and finish can be customized on request.

02

Bespoke Projects

Beyond our collection, we create fully bespoke pieces for individual interiors and projects. From unique objects to large-scale stone applications, each design can be developed around a specific space, idea or vision.

03

Natural Variation

Natural stone is inherently unique. Variations in colour, veining, texture and pattern are intrinsic to the material, giving each piece its own distinctive character and expression.

02

Objects & Accessories

Sculptural objects and everyday pieces, each carved from natural stone. From decorative accents and tableware to kitchen essentials and memorial pieces, every object is shaped and polished by hand.
